

As part of Interface's Mission Zero promise to eliminate any negative impact on the environment by 2020, we always consider the environment impact of every creative, manufacturing and building decision. This sample book is printed on recycled paper and with soy based ink. Twenty four virgin trees were saved from our use of 1725kg of recycled paper in the production of 5000 sample books. Energy intensity also decreased and greenhouse gases were reduced. The other reductions came from waste water and solid waste. Through our sample reclamation program, we help keep sample materials out of landfill by re-using them until it is time to recycle these sample materials.

Mission Zero:
our promise to eliminate any
negative impact our company
may have on the environment
by the year 2020.

Global Change Collection Ground & Raku

Interface®

The variation of nature within the modular framework

Nature offers constantly changing surroundings and stimulates us in different ways. Built spaces can offer the same kind of variety, providing environments matched to the activities taking place.

Global Change extends our library with new colors, patterns and textures — disparate elements that combine to create a cohesive whole. A classic Interface offering, pairing nature-inspired design with the structure of a modular system.

This collection is a new expression of biophilic design, offering a varied sensory experience with wide-ranging colors, patterns, textures, formats and materials. This global collection comprises seven carpet tile ranges in both squares and Skinny Planks™, ranging from organic to crisp designs. Four draw inspiration from familiar organic patterns: Glazing™ and Shading™ recreate the shadows of a forest canopy on the floor, Ground™ and Raku™ reference different terrains. Progression™ I, II and III provide the connective tissue that binds one idea to another, seamlessly.

Global Change is available around the world and manufactured in Asia, North America, Australia and Europe.

Specifications

Ground™

Style Code	9083 Pattern 000
Product Definition	Tufted textured Loop
Yarn/Fibre	BCF Nylon Type 6.6 – Recycled Nylon
Colour System	100% Solution Dyed
Machine Gauge	1/12
Pile Thickness	3.0mm +/- 0.5mm
Total Thickness	6.5mm +/- 0.5mm
Tile Size	50cm x 50cm
Area of Use	Commercial – Heavy Use
Lifetime Antimicrobial	Intersept®
Soil/Stain Protection	Protekt2®
Total Recycled Content	GlasBac® 42% to 57% Total Recycled Content Glasbac®RE 62% to 74% Total Recycled Content
Installation Methods	Brick, Quater-turn

Raku™

Style Code	8334 Pattern 000
Product Definition	Tufted textured Tip Sheared Loop
Yarn/Fibre	BCF Nylon Type 6.6 – Recycled Nylon
Colour System	100% Solution Dyed
Machine Gauge	1/10
Pile Thickness	4.0mm +/- 0.5mm
Total Thickness	8.5mm +/- 0.5mm
Tile Size	50cm x 50cm
Area of Use	Commercial – Heavy Use
Lifetime Antimicrobial	Intersept®
Soil/Stain Protection	Protekt2®
Total Recycled Content	GlasBac® 42% to 57% Total Recycled Content Glasbac®RE 62% to 74% Total Recycled Content
Installation Methods	Ashlar, Brick, Monolithic, Non Directional, Quater-turn

CoolCarpet™
Intersept®

Production specifications are subject to normal manufacturing tolerances and may be changed without notice. Slight variation in colour among different production lots are normal and should be considered in the overall installation plan. Products covered by manufacturer's written warranty only. All other warranties, including without limitation any implied warranties of merchantability or fitness for particular purpose, are hereby disclaimed. Contact your representative for written warranty information. Recycled content calculations are based on historical averages by total weight of the product for backings. Yarn/Fibre recycled content calculation excludes backing. We update our recycled content information and other environmental data regularly to reflect changes and advancements in our technology.
*Cool Carpet is not a standard option in Australia and New Zealand.
