FOLIO | NY+LON™ Streets Collection
Black

FOLIO: Interface Design Studio has created a grouping of imagery that shows NY+LON Streets Collection in a color palette that complements the modern corporate environment beautifully but is well suited for a variety of spaces across multiple segments. NY+LON Streets pairs well with FLOR®'s Arras Collection of high end area rugs, also featured in this FOLIO.

Also included is a color placement guide, which shows the position and percentage of hues of each product colorway--serving as a quick and helpful visual reference for customizing color.
