FOLIO | Thread Story Collection

FOLIO: Interface Design Studio has created a group of supplementary assets that show our newest products in a variety of spaces representing every segment, as well as demonstrate both aspirational design capabilities or practical application in any space—all driven by our launch palettes. Also included is a color placement guide, which shows the position and percentage of hues of each product colorway—serving as a quick and helpful visual reference for customizing color.

The image is a composite. On the left, a large vertical swatch of a dark grey, textured carpet. To its right, a vertical strip of a colorful, multi-patterned carpet. On the right side, a photograph of a modern interior space featuring a long, low-profile sofa with several red and white pillows, a black wire chair, and a large window with a brick wall.
