Our Clerkenwell showroom comes alive for three days of design, ideas and new thinking.

Step inside for an exclusive preview of our upcoming LVT and carpet collections, alongside recent innovations across our rubber portfolio — all shaped by design, sustainability and performance.

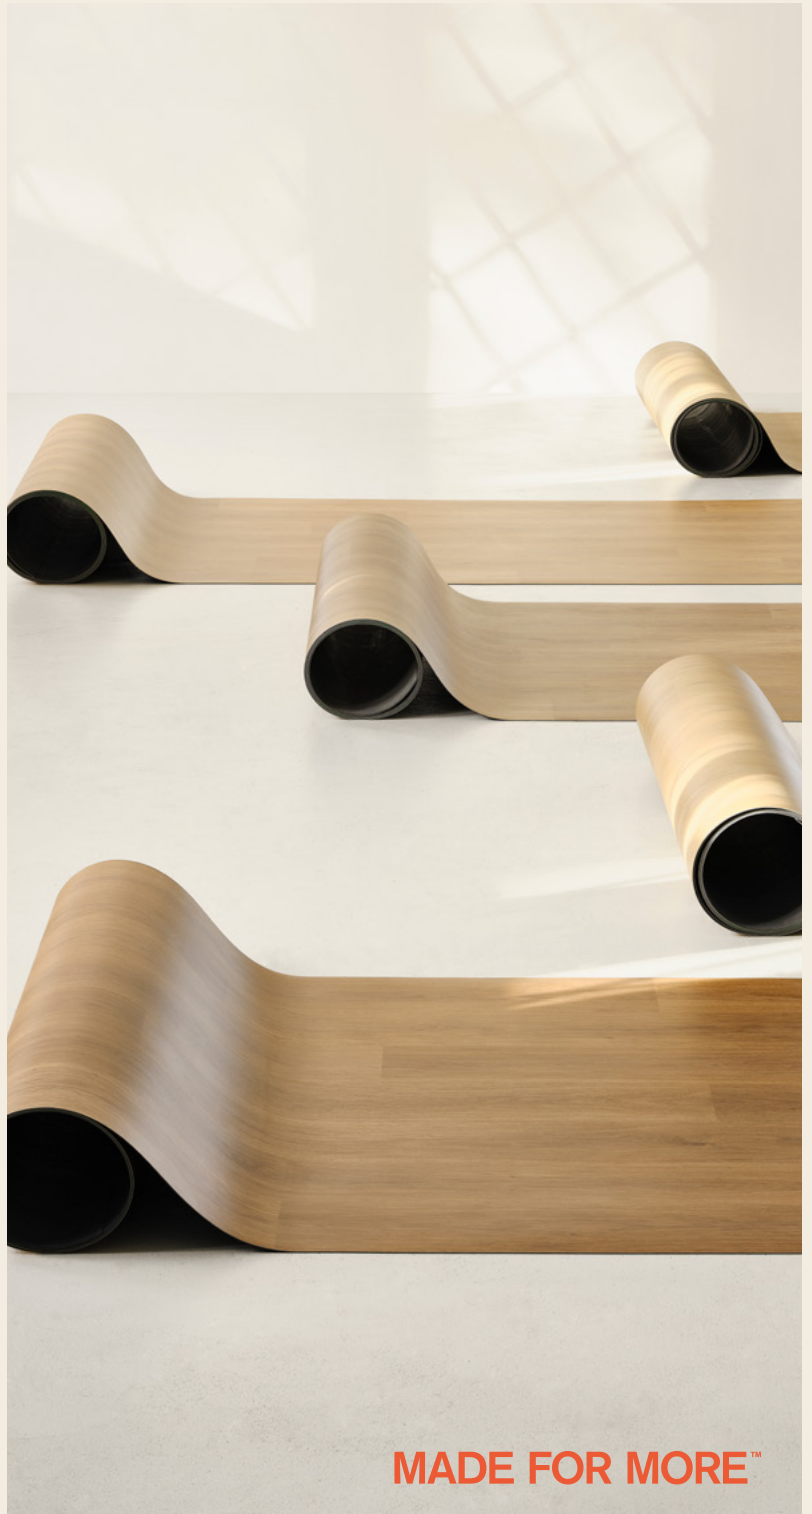

CIRCULARITY TAKES THE SPOTLIGHT.

NORAVANT TIMBER SHOWS WHAT TRUE PERFORMANCE FEELS LIKE.

And our concept designers will be on hand for conversations that spark new possibilities.

Across the three days, we're also hosting thought-leadership talks designed to inspire, challenge and energise.

Come in, explore, and leave with ideas ready for your next brief.

SPEAKING EVENTS

19th MAY

MAKING CIRCULAR MAKE SENSE

Join us for an interactive session and live Q&A on the circular economy – with a focus on the one thing that makes it real: people.

We'll explore how to spark interest, build understanding and encourage genuine involvement across projects, practices and supply chains. Expect practical ideas you can take back to your own work, not theory for the shelf.

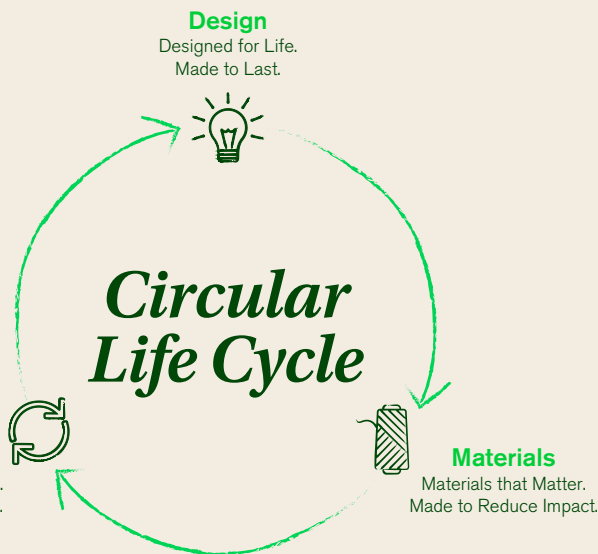

Speakers:

Becky Gordon *Interface Regional Sustainability Manager*

Alex Robinson *Hubbub CEO*

20th & 21st MAY

DESIGNING INCLUSIVE SPACES THAT WORK

This session explores sensory ergonomics and how thoughtful, human-centred design can remove barriers, support wellbeing and create corporate and education spaces where everyone can do their best work — and their best learning.

Speakers:

Laura Light *Interface Concept Design Team Leader*

Jim Taylour *Chartered Ergonomist, Designer, Speaker*

EXCLUSIVE GLOBAL PRODUCT PREVIEW

Be among the first to see it at Clerkenwell Design Week: a global preview of our new LVT Cut & Form, where parquet inspiration meets a crisp, non-directional angular woodgrain. Ten sun-warmed shades—cocoa, caramel, clay and wheat—bring handcrafted warmth to big, flexible spaces. Made to mix and connect.

INTERFACE DESIGN STUDIO AND SUSTAINABILITY

Interface's Concept Design Team sets us apart. Drop into the showroom during the festival to explore the trends shaping our collections and see how our team can help bring inspired ideas to life on your next project.

Sustainability starts with circular thinking. From smarter design and responsible materials to renewal at end of life, every decision keeps flooring in use longer and carbon moving down. Visit us to learn how circularity is built into our entire portfolio.
