# Sophia Laboratories

Jalisco, Mexico

"We were able to minimize maintenance costs by using the nora pro clean® system."

Antonio Ruesga Estrella, Operations Manager,  
Sophia Laboratories

**Laboratorios Sophia, S.A. de C.V.** (Sophia Laboratories), a leader in the research and production of ophthalmic drugs, has invested heavily in its infrastructure, including a new facility in Jalisco, Mexico. All areas of the facility that come in contact with product must meet the strict national and international standards of the pharmaceutical industry. nora<sup>®</sup> met the challenge, passing a variety of tests before being installed in production areas of the new structure.
