Common Theme  
Squares

**Interface®**

Common Theme™ Squares

No matter where you practice your particular brand of interior design, it's understood that certain solutions are ubiquitous. We recognize that an understated envelope in a well-chosen palette can elevate the curated elements you've selected for your project. This is a common theme.

The latest addition to our growing category of styles manufactured and sold in all of our locations around the world, Common Theme is a set of two textures that bring refinement in pattern and color to the interior space. Soft or flat, distinct or diffused – sensitive variations in finish and scale offer a range of solutions within this context. Just as a good idea translates universally, Common Theme easily translates wherever design is spoken.

CT101™ Colorline

103972 ONYX

103973 SLATE

103975 PEWTER

103976 STEEL

103977 WALNUT

103978 TARRAGON

103979 TOPAZ

103980 SAGE

Specifications

Modular, 50cm x 50cm	1462502500
Backing System	GlasBac® Tile
Yarn Manufacturer	Universal
Yarn System	Post-Consumer Content Nylon
Color System	100% Solution Dyed
Construction	Tufted Textured Loop
Preservative Protection	Intersept®
Soil/Stain Protection	Protekt <sup>2</sup> ®
Pile Thickness	0.104 in., 2.6 mm
Pile Density	5,885
Total Recycled Content	64%
Indoor Air Quality	CRI Green Label Plus #GLP0820

QUARTER-TURN

Why Our Modular Flooring?

**Modular Flooring**  
*Performance and flexibility.*  
Interface's standard backing systems set the industry standard for modular performance. Tiles stay on the floor with no upcurl, no tapping and no rippling effect, yet are easy to selectively replace. Our modular carpet is easier to handle than bulky roll carpet and produces an average of just 3-4% waste compared to roll carpet's average of 14%. And it installs seamlessly with our LVT, no transition strips needed.

**TacTiles™**  
*No glue installation.* Our revolutionary TacTiles installation system eliminates the need for glue, adhering carpet tiles securely together to form a floor that “floats” for greater flexibility, easier replacement and long-term performance. The result? Less mess, less waste and virtually no VOCs, not to mention an environmental footprint that is over 90% lower than that of traditional glue adhesives. TacTiles are approved for use on GlasBac™, GlasBacRE, CQuest™GB, Graphlar™ and Graphlex™.

**Intersept®**  
*Mold protection.* Our proprietary preservative, Intersept, protects our modular carpet against mold growth and odor-causing bacteria—guaranteed. Intersept treated carpet, with proper maintenance, shows no mold or bacterial growth when tested per the ASTM E2471 Standard Test Method. Intersept is EPA approved for safe use in carpet, water insoluble and contains no halogens, heavy metals, phenols or formaldehyde. Intersept is standard in Interface carpet tile products backed with GlasBac, GlasBacRE, CQuestGB, ReadyBac™, and CushionBac Renew™.

**ReEntry™**  
*Keep flooring out of landfills.* Through our ReEntry program, we reclaim our carpet tile and Sound Choice™ LVT. Vinyl backed carpet tile is recycled into new CQuest™GB carpet tile backing. The result? Carpet tile products with up to 85% total recycled content, including as much as 25% post-consumer content.

**Sustainability Transparency**  
Transparency and certified sustainability leadership come standard on Interface products, including published ingredients in HPDs (Health Product Declarations) and published EPDs (Environmental Product Declarations), which are based on full life cycle assessment (LCA). And, Interface carpet products are certified to the NSF 140 Sustainable Carpet Assessment Standard. Additionally, Interface flooring and recommended adhesives are 3rd party certified for low VOC emissions in compliance with California Department of Public Health (CDPH) Standard Method v1.2–2017. Carpet products made in our US facilities are made with 99% renewable energy.

**Carbon Neutral Floors™**  
The flooring products that we sell, including carpet tile, are carbon neutral across their full product life cycle through our third party verified Carbon Neutral Floors™ program. To find out more, visit [interface.com/carbonneutralfloors](https://interface.com/carbonneutralfloors).

**Environmental Product Declaration (EPD)** – A statement of product ingredients and environmental impacts over the entire life cycle of a product. A comprehensive life cycle assessment (LCA) is performed to ISO standards to develop an EPD, after which both the EPD and LCA must be third party verified.

**Sustainable Assessment for Carpet** – The only carpet sustainability standard in North America that evaluates the environmental impact of carpet for its entire lifecycle.

**CRI Green Label Plus** – An independent testing program that identifies carpet and adhesives with very low emissions of VOCs to help improve indoor air quality.

Printed on 50% post consumer waste (PCW) fiber manufactured using wind power.

We have tried our very best to accurately represent product colors. However, due to the nature of printed materials, color of actual products may vary slightly. Please request a sample to see actual product color.

**Samples**  
Order samples at [interface.com](https://interface.com). You'll receive email order confirmations, 24/7 access to order status and more. Not near a computer? You can also request samples by calling one of the numbers below.

**InterCircle Sample Return**  
Help us close the loop on the carpet sampling process. Through our InterCircle Sample Return program, sample materials stay out of the landfill and are re-used as samples until it is time to recycle them into new carpet. By reducing sample production material and diverting old materials from the landfill, we can reduce our overall environmental footprint.

Call 1.877.605.1500 (U.S.) or 1.866.398.3192 (Canada) to order a sample return bag with a prepaid return label.

All product specifications reflect averages derived from product sample testing, are subject to normal manufacturing and testing tolerances and inherent pattern variances, and may be changed without notice. For more information about these and other important attributes of the product(s) described herein, including recycled content and product warranty information, please see [interface.com/disclaimer](https://interface.com/disclaimer).
