Composure Collection

Naturally subtle, effectively calm

Surrounded by distractions we lose our ability to connect and focus. Nature restores our sense of calm and helps us feel more grounded. Inspired by natural rock formations, Composure creates a tranquil, comfortable platform.

The collection includes a trio of products Composure, Composure Colours and Composure Edge offering a wide range of neutral, pastel and bright colourways.

Composure has been designed with the organic, non-directional flexibility to flow through large areas with ease. The transitional Composure Edge, facilitates a flow from one colour to the next multiplying the possibilities of this great collection.
