

An aerial photograph of a river delta, likely the Amazon, showing intricate patterns of sandbars and water channels. A vibrant rainbow is visible in the upper half of the image, arching over the river. The sky is a deep, dark blue.

Interface®

As nature intended. Timeless design.
Connected Ethos is a collection that captures nature's inherent form. From grasslands to stony shores, arid landscapes to the breaking waves of the ocean, Connected Ethos creates a vibrant and transformative design foundation.

Sea of colour.
CE100 houses 16 warm earthy neutrals which sit alongside 16 accent colours comprising; grassy and jungle greens, icy blues and cool greys to inspire spaces where people visit or escape to reconnect with nature.

Making a transition.
To inspire a subtle connection the second part of the Connected Ethos collection are the CE200 tiles. Crafted to unite the accent colours and earthy tones, CE200 creates a natural walkway that helps with multiple space design.

Connected Ethos uses 100% recycled nylon and is carbon neutral through our Carbon Neutral Floors™ programme.
