We have tried our very best to accurately represent product colors. However, due to the nature of printed materials, color of actual products may vary slightly. Please request a sample to see actual product color.
As a global flooring company, Interface is dedicated to helping our healthcare customers create high-performance spaces that contribute to health and well-being. We continue to expand our system of products to meet the space specific needs of healthcare facilities by introducing Continual Woodgrains™ vinyl sheet into the rest of our portfolio of products – carpet tile, LVT and nora® rubber.

Learn more at interface.com/healthcare
High-performance vinyl sheet meets the beauty of wood. Interface is dedicated to helping you create beautiful, high-performance spaces that support the health and well-being of patients and caregivers.

Our vinyl sheet flooring is the perfect solution for patient rooms and other healing spaces that require seamless installation, ease of maintenance, stain resistance and slip resistance, along with superior durability.

Available in eight colors, Continual Woodgrains gives you the design flexibility to create attractive, hard-working and supportive spaces that improve operational efficiencies and wellness – helping you reach your facilities goals.

Partnering with Interface as your single source provider for healthcare flooring also means making a positive impact on the environment. All of the products we sell are third-party verified carbon neutral through our Carbon Neutral Floors™ program.

Why Interface Heterogeneous Vinyl Sheet?

**Performance**

**Durability**
Our Ceramor™ coating and 28 mil wear layer minimize scratching and scuffing and protect the print layer for long-lasting beauty, backed by a 15-year warranty.

**Easy Maintenance**
Slip resistant flooring that is easy to clean means a lower cost of ownership over the life of your floor.

**Safety**
Product construction, including wear layer embossing, helps prevent slips, trips and falls without impeding push pull in rolling loads.

**Superior Technical Service**
Our support and training with key personnel in healthcare facilities helps mitigate risk, ensure best practices and improve the longevity of the floor.

**Smart Design**

**Integrated System**
Our system of flooring products offers the flexibility to meet space-specific performance and design needs of any space in your healthcare facility at any budget.

**Biophilic Design**
Nature-inspired elements in a monolithic aesthetic help you create soothing, restorative spaces that benefit patients, caregivers and family alike.

**Interface Design Studio**
Our trained designers work with you to provide product suggestions, space specific floor designs or full floor plans, making your design projects easier from beginning to end.

**Sustainability**

**Climate Take Back™**
Our mission, Climate Take Back, invites you to join us as we commit to operating in a way that is restorative to the planet and creates a climate fit for life.

**Carbon Neutral Floors™**
The flooring products that we sell, including vinyl sheet, are carbon neutral across their full product life cycle through our third party verified Carbon Neutral Floors™ program. Learn more at interface.com/carbonneutral
