Desert Scapes Collection | LVT

Cactus Makes Perfect
Plant-astic

Interface®

Restorative spaces drawn from unexpected places.

Look closely at a desert landscape and you'll find notes of care and comfort—in a warm breeze against the dunes or the soothing earth tones of sand and succulents. Desert Scapes draws inspiration from these restorative moments found in a diverse and demanding environment.

The result is a biophilic healthcare collection – integrating LVT, vinyl sheet and carpet tile – that connects patients and caregivers to the natural world.

Desert Scapes LVT

Desert Scapes offers two 4.5 mm Sound Choice™ LVT styles – both in six colorways, mimicking the desert's tonal transition from day to night.

- **Plant-astic™** - A soft crosshatch texture, evoking the look and feel of a weathered burlap etched by desert sands
- **Cactus Makes Perfect™** - Unique yet familiar with a soft field of cactus flower layered into the pattern

Like all flooring you specify from Interface, Desert Scapes™ products are carbon neutral across their full product life cycle through our third party verified Carbon Neutral Floors™ program.

Three-in-one. All for healthcare.

Desert Scapes LVT Part of an Integrated Collection

Desert Scapes LVT coordinates with its vinyl sheet and carpet tile companions into one collection. This product diversity delivers biophilic beauty and space-specific performance for a cohesive design scheme and effortless flow across your healthcare spaces.

Plus, Desert Scapes works with the full system of Interface products, including nora® rubber flooring, for even more possibilities. Address the entire floorplate of a healthcare facility with your single-source provider – Interface®.

For healthcare spaces that call for modular, resilient flooring, Desert Scapes LVT offers:

- Design flexibility
- Ease of maintenance and a Ceramor™ coating for a durable finish
- Performance embossing for added slip resistance

Why Our Modular Resilient Sound Choice™ 4.5 mm LVT?

Integrated System.

Save time and look good doing it. Interface Sound Choice LVT works together with our full product portfolio, including Criterion 3.0 mm LVT, carpet tile, vinyl sheet and nora® rubber. Streamline the specification and installation processes with products that address space-specific performance needs across the entire floorplate of a health system.

Ease of Maintenance.

Create a unique look that lasts. Interface Sound Choice LVT extends the life of your floor. From simple maintenance like damp mopping to selectively replacing damaged tiles, your flooring investment will stand the test of time - beautifully and effortlessly.

Circular System.

Keep flooring out of the landfill. Our modular resilient LVT with Sound Choice™ backing is produced with a controlled material stream so it can be reclaimed and recycled into our CQuest™GB recycled content carpet backing through our ReEntry™ program.

Noise Reduction.

Silence distractions. Interface is helping create +Positive spaces™ with our LVT with Sound Choice backing. Sound Choice is a specially formulated backing developed for superior noise reduction, offering you best-in-class performance for reduced impact sound and floor to floor sound transmission.

We have tried our very best to accurately represent product colors. However, due to the nature of printed materials, color of actual products may vary slightly. Please request a sample to see actual product color.

All product specifications reflect averages derived from product sample testing, are subject to normal manufacturing and testing tolerances and inherent pattern variances, and may be changed without notice. For more information about these and other important attributes of the product(s) described herein, including recycled content and product warranty information, please see our full LVT product disclaimer at interface.com.

Why Our Modular Resilient Sound Choice™ 4.5 mm LVT? (continued)

High Performance from Top to Bottom.

- 1. Ceramor™ Coating.** Minimizes everyday scratching and scuffing.
- 2. Wear Layer.** Transparent, embossed 22 mil wear layer, providing superior resilience and long-lasting performance.
- 3. Print Film.** Provides outstanding visuals of natural materials and Interface innovative designs.
- 4. Core Sheet.** Creates a thickness for a stronger core and reduces telegraphing from beneath.
- 5. Fiberglass.** Adds dimensional stability and controlled flexibility.
- 6. Core Sheet.** Creates a thickness for a stronger core and reduces telegraphing from beneath.
- 7. Sound Choice Backing.** Provides comfort and superior acoustic performance.

Third Party Certifications.

Carbon Neutral Floors. Like all the flooring products we sell, Interface Sound Choice LVT is carbon neutral across its full product life cycle through our third party verified Carbon Neutral Floors™ program. To find out more, visit interface.com/carbonneutral.

Environmental Product Declaration (EPD). Interface LVT products are covered by an EPD. An EPD provides a comprehensive statement of product ingredients and environmental impacts based upon life cycle assessment performed to ISO standards.

Sustainable Assessment. Interface LVT meets the certification standards of the NSF/ANSI 332 Sustainability Assessment for Resilient Floor Coverings. This standard evaluates the environmental impact of resilient floor covering for its entire life cycle.

Indoor Air Quality. All Interface modular flooring products meet the highest standards for indoor air quality. Interface LVT is GREENGUARD Gold and FloorScore® Certified and CDPH 01350 compliant, assuring very low emissions of VOCs.
