Even Path Collection
Rigid Core

Even Path Woodgrains

Interface®

Even Path™ Woodgrains

Solid. To the Core.

Bypassing a well-paved road for the joy of discovery can lead you on the greatest adventures, and finding your own path is part of the fun.

Introducing Even Path Woodgrains, an Interface rigid core style. Even Path Woodgrains combines the aesthetics of beautiful hardwood flooring with the performance of rigid core tile.

Even Path is engineered to withstand heavy static loads and hide subfloor imperfections for a truly rigid, flat finish. It features a glue-free, drop-click installation system that reduces floor prep and is quick to install. And the innovative Ceramor™X coating means this flooring has a robust shield from scuffs and scratches.

Available in 16 colors, the 25 cm x 1 m planks can help create stunning, harmonious designs for the most hard-working spaces.

And, when you specify flooring from Interface, you're selecting products that are carbon neutral across their full product life cycle through our Carbon Neutral Floors™ program.

Specifications

Even Path™ Woodgrains Colorline

Product Number	A05
Product Construction	Rigid Core, Click
Class / ASTM F261	Class I Printed, Clear Wear Layer
Wear Layer Thickness	22 mil
Total Thickness	4.5mm
Backing Class	Commercial Grade
Click Installation	Drop-Click
Finish	Ceramor™X Coating
Nominal Dimensions	25 cm x 1 m (9.845 in x 39.38 in)
Total Recycled Content (Pre Consumer)	39%
Indoor Air Quality	GREENGUARD Gold FloorScore® Certified CDPH 01350 Compliant Carbon Neutral Floors™
Full Life Cycle Carbon Emissions	
LEED v4	Contributes to multiple IEQ and MR credits

Why Our Rigid Core Flooring?

High Performance From Top to Bottom.

- 1. Ceramor™X Coating.** Offers enhanced protection against scratches and scuffs, robust slip resistance and ease of maintenance.
- 2. Wear Layer.** Transparent, embossed 22 mil wear layer, providing superior resilience and long-lasting performance.
- 3. Print Film.** Provides outstanding visuals of natural materials and Interface's innovative designs.
- 4. Rigid Core.** An engineered, lightweight rigid core layer that prevents telegraphing, even over raised access flooring or imperfect subfloors.
- 5. Fiberglass.** Adds dimensional stability and controlled flexibility.
- 6. Balance Layer.** A thinner layer of standard core material for a more balanced floor.
- 7. Backing Layer.** A dry back with grooves to help grip and create friction when floating on the subfloor.

Why Our Rigid Core Flooring?

Top Performance

The advanced engineering of Interface's heavy duty, multi-layered rigid core tiles can withstand heavy static loads with no indentations and hides subfloor imperfections beneath.

Built to Last

Our proprietary Ceramor™X protective coating offers a high slip resistance and doubles up with our 22 mil wear layer for enhanced protection against scratches and scuffs—all backed by a 15-year warranty.

Easy to Install

Our rigid core features a drop-click installation system for faster, glue-free, flat installations with minimal floor prep—even over raised access or imperfect subfloors.

Design Flexibility

Our rigid core tiles' beveled edges and high-quality print designs take resilient tile aesthetics to the next level. And, as part of Interface's integrated flooring system, they can coordinate within our product family to create a cohesive look throughout your space.

Help Lower Your Carbon Footprint

Like all the flooring products we sell, Interface rigid core is carbon neutral across its full product life cycle through our third party verified Carbon Neutral Floors™ program. To find out more, visit interface.com/carbonneutral

Third Party Verification

GREENGUARD Gold

A statement of product ingredients and environmental impacts over the entire life cycle of a product. A comprehensive life cycle assessment (LCA) is performed to ISO standards to develop an EPD, after which both the EPD and LCA must be third party verified.

FloorScore®

Is the most recognized indoor air quality (IAQ) certification standard for hard surface flooring materials, adhesives, and underlayments.
