# The flooring you need, when you need it.

Running up against a deadline? Rely on Interface QuickShip to deliver — *fast.* 

QuickShip pulls together hundreds of our most in-demand carpet and LVT options as an affordable solution for a variety of spaces. This book, Color Families, contains a selection of go-to carpet styles and color options that are part of the program.

### The best part? It all ships within 10 business days.

### Carpet Tile

Field Styles | Up to 2,000 SY Accents & Walk Off | Up to 200 SY

### LVT

Field Styles | Up to 10,000 SF Accents | Up to 2,500 SF

Don't sacrifice style for quick turn projects. With QuickShip carpet and LVT, you have a practical flooring option that checks the boxes on speed, design, durability, and maintenance.

To explore all available QuickShip options, visit interface.com/quickship.

# Why Interface? | Performance

# Beauty that Lasts

Fiber We start with the best-commercial-grade, solution dyed fibers with a low modification ratio (MR). A lower MR means better performance. The result? High performance fibers that don't fade or bleach out.

# **Breathe Easier**

**Intersept**<sup>™</sup> Only Interface carpet tiles are protected with Intersept, our safe and effective preservative that protects against odor-causing microorganisms. It's built into the backing system, so it won't wear off or wash away.

interface.com/intersept

# Passing the Test

Industry standard wear tests just aren't tough enough. So, we developed our own-the Appearance Retention Test (ART). ART considers real world conditions-wear, soiling and maintenance-for up to 20 year-increments. If an Interface style doesn't pass, we won't launch it.

# Maintenance Made Easy

Simple vacuuming, spot cleaning and routine deep cleaning are all you need-no special equipment or cleaning solutions.

interface.com/maintenance

# Glue-free Installation

TacTiles<sup>™</sup> Just peel, pull and stick for a hassle-free, durable installation. No mess, no drying time and little, if any, future floor prep. And TacTiles connectors can be recycled with Interface carpet tiles.

interface.com/tactiles

Printed on 50% post consumer waste (PCW) fiber manufactured using wind power.

We have tried our very best to accurately represent product colors. However, due to the nature of printed materials, color of actual products may vary slightly. Please request a sample to see actual product color.

All product specifications reflect averages derived from product sample testing, are subject to normal manufacturing and testing tolerances and inherent pattern variances, and may be changed without notice. For more information about these and other important attributes of the product(s) described herein, including recycled content and product warranty information, please see www.interface.com/disclaimer.

# Why Interface? | Innovation & Sustainability

# Inspired by Nature

i2<sup>™</sup> Nature doesn't design with perfectly matched materials, so why should we? Our i2 products are made to blend, not match. That means no dye lot concerns, so you order what you need when you need it. Bonus: Many i2 styles install with as little as 1.5% waste.

# Closing the Loop

**ReEntry**<sup>™</sup> We want our carpet tile and LVT back. Through our ReEntry program we reclaim and recycle our used carpet tile and LVT and turn it into new flooring.

interface.com/reentry

# Going Beyond Zero

**Climate Take Back™** Interface has been on a purpose-driven journey to eliminate its negative environmental impact since 1994. We've achieved Mission Zero<sup>®</sup> success, and now live zero everyday. Our bold mission continues with our commitment to overcoming the biggest challenge facing humanity—reversing global warming.

#### InterCircle Sample Return

Help us close the loop on the carpet sampling process. Through our InterCircle Sample Return program, sample materials stay out of the landfill and are re-used as samples until it is time to recycle them into new carpet. By reducing sample production material and diverting old materials from the landfill, we can reduce our overall environmental footprint.

Call 1.877.605.1500 (U.S.) or 1.866.398.3192 (Canada) to order a sample return bag with a prepaid return label.

#### www.interface.com

Register at www.interface.com to:

- Browse products and order samples
- · View carpet in a variety of room scenes
- Browse floor designs, change colors,
- view as a grid or in a room, download and share
- Use our LEED Calculator
- Check order status and inventory availability
- Sign up to get the latest information on Interface products and news

#### Samples

Order samples at www.interface.com. You'll receive email order confirmations, 24/7 access to order status and more. Not near a computer? You can also request samples by calling one of the numbers below.
