

# Step Repeat

Modular barrier carpet

**Interface®**

Step Repeat™

---

Stop dirty footprints in their tracks with Step Repeat, a revolutionary new barrier floor space solution for Asia. It simply grabs foot debris and wetness carried in from the outside, before it's deposited onto your interior floor. By preventing dirt trail, slips and falls it gives entry surfaces 360 degree protection from heavy foot, or wheeled, floor traffic.

Designed for the inside of hi-wear entrances or lobby floors, Step Repeat is easier to maintain than traditional entrance mat solutions. Random installation and the modular format help to make installing and replacing easier without specialist training. The simple but sophisticated pattern design and colour palette lets you easily match to existing hard or soft floors.

Made from high quality materials to ensure longer life, they will look attractive even after extended wear. Step Repeat is produced from over 60% recycled content and is 100% recyclable. Innovative, easy to install, clean and replace, Step Repeat delivers ultimate protection for your flooring.

Entryway carpet is like insurance for your floor. Installing carpet designed specifically for entryways 3 – 4 meters in from each entrance will simplify maintenance and add years to the rest of your floor covering.

## Step Repeat benefits:

- Protects interior floors from dirt, soil and wetness
- Protects against slip and fall accidents
- Suitable for protection of carpet and hard floors
- Unique “scraper” yarn removes excess dirt from foot traffic
- Dense construction absorbs water
- Each tile will hold over 1 kg of dirt
- Dirt and soil stays in the carpet until you vacuum it later
- Suitable for all types of entrance ways, lift lobby, stair access, ramp ways
- Extra heavy duty construction
- Easily removed and replaced
- Easy clean – just vacuum the same as carpet
- 3 colours to match existing interior finishes
- 15-year warranty
- No glue installation\*
- Impervious backing
- 61% recycled content and 100% recyclable \*\*

\*Used with Interface TacTiles®

\*\*Through Interface ReEntry™ program

Product SR999 Colour Smoke Installed Non-directional

Product SR999 Colour Iron Installed Non-directional

## SR999™ Colourline

7995003 Iron

7995004 Onyx

7995001 Smoke

## Specifications

### SR999

Style Code	7995
Product Construction	Tufted Textured Loop
Yarn System	100% Recycled Solution Dyed Nylon
Machine Gauge	1/12
Pile Thickness	3.5mm +/- 0.5mm
Total Thickness	7.5mm +/- 0.5mm
Tile Size	50 x 50cm
Area of Use	Commercial - Heavy Use
Lifetime Antimicrobial	Intersept®
Soil/Stain Protection	Protekt <sup>2</sup> ®
Installation Methods	Non-directional

NON DIRECTIONAL

**Carbon Neutral Floors™**

All of our products are carbon neutral and our programme is verified by an independent third party, Bureau Veritas.

All Interface manufacturing facilities in the Asia Pacific region maintain registration to ISO 9001 Quality Management Systems and ISO 14001 Environmental Management Systems.

Product specifications are subject to normal manufacturing tolerances and may be changed without notice. Slight variation in colour among different production lots are normal and should be considered in the overall installation plan. Products covered by manufacturer's written warranty only. All other warranties, including without limitation any implied warranties of merchantability or fitness for particular purpose, are hereby disclaimed. Contact your representative for written warranty information.
