

Studio Set | LVT

Interface®

Who doesn't love a bold choice? With Studio Set™ LVT, we encourage you to embrace a saturated spectrum of daring brights and warm neutrals—and take note of the subtle woodgrain pattern that suggests texture without demanding attention. Go beyond conventional solutions to create inspiring spaces with pure color and unique composition.

And at Interface, we're 'all in' on becoming a restorative business, driving toward positive impacts. As part of our commitment, Studio Set contains 39% recycled content and is recyclable in the 4.5 mm format through our ReEntry™ program.

Why Our Modular Resilient LVT?

Integrated System
Save time and look good doing it. Our LVT integrates with our full product portfolio, allowing you to streamline specification and installation. Add our modular carpet for an inset rug or nora® in an adjacent field.

- For a no transition strip solution, opt for our:
- 4.5 mm LVT to any carpet tile
 - 3.0 mm LVT to most 17 oz or less carpet tile on GlasBac™ or CQuest™GB backing
 - 3.0 mm LVT to our nora rubber flooring

Easy Maintenance
Create a unique look that lasts. Interface LVT extends the life of your floor. From simple damp mopping to selectively replacing 4.5 mm Sound Choice LVT tiles, your flooring investment will stand the test of time - beautifully and effortlessly.

ReEntry™
Keep flooring out of the landfill. All of our LVT is produced with a controlled material stream, and 4.5 mm Sound Choice LVT can be reclaimed and recycled along with Interface carpet tile through our ReEntry program. ReEntry is the only third party certified recycling system among North American flooring manufacturers.

Noise Reduction
Silence distractions. 4.5 mm Sound Choice is a specially formulated backing for superior noise reduction, offering you best-in-class impact sound reduction and floor to floor sound transmission.

High Performance from Top to Bottom

4.5 mm Sound Choice™ LVT

3.0 mm LVT

- 1. Ceramor™ Coating.** Scratch and scuff resistant, UV stabilized ceramic bead coating.
- 2. Wear Layer.** High quality, 22 mil layer enabling 15 years of resilience and performance.
- 3. Print Film.** High definition wood looks, stone looks and innovative Interface designs.
- 4. Core Sheet.** Provides stabilization and reduces telegraphing from beneath.
- 5. Fiberglass.** Adds dimensional stability and controlled flexibility.
- 6a. Sound Choice Backing.** Provides added comfort and superior acoustic performance.
- b. Backing.** Provides greater resistance to residual indentation.

Environmental Product Declaration (EPD)
A third party verified statement of product ingredients and environmental impacts over the entire life cycle of a product.

GREENGUARD Gold & FloorScore®
Meeting the highest standards for indoor air quality and assuring very low emissions of VOCs, Interface LVT is GREENGUARD Gold and FloorScore® Certified and CDPH 01350 compliant.

Health Product Declaration (HPD)
A transparency tool for evaluating if a product includes materials of concern and whether it supports Green Chemistry.

NSF/ANSI 332 Silver
This standard evaluates the environmental impact of resilient floor covering for its entire life cycle.
