It's easier than ever to make the most of your budget with Interface products included in both local and national purchasing contracts. Plus, we've noted which products are QuickShip-ready so you can meet even the most aggressive timelines.

ONE MORE  
EXAMPLE OF  
WHY WE'RE  
MADE FOR MORE™

# MADE FOR

From new builds to school renovations, flooring is key to creating fun and successful learning environments. That's why we design for resiliency. Our products stand up to busy feet while creating inspiring spaces for growing minds.

# RESILIENCE

# MADE FOR HIGH TRAFFIC

- Flexible flooring system works to meet your existing and future needs
- Supports high-functioning spaces like cafeterias and busy hallways that can't afford downtime with solutions that offer ease of maintenance and selective replacement
- Resilient flooring options are resistant to scratches while maintaining a beautiful appearance

# AND LOW MAINTENANCE

- Easy to clean, requiring little more than water to remove dirt or spills, resulting in a longer aesthetic life
- Moisture-resistant systems available, including adhesive
- Streamlined installation and maintenance protocols help lower total cost of ownership over the life of the product

# MADE FOR

RUTH CHERRY ELEMENTARY SCHOOL IN ROYSE CITY, TX  
ARCHITECT/DESIGN: VLK ARCHITECTS PHOTO: © CHAD M. DAVIS, AIA

# SAFE AND SOUND ENVIRONMENTS

- Improve indoor air quality, as all Interface floor coverings are third-party certified for low VOC emissions, which can reduce triggers that exacerbate asthma—the #1 cause of absenteeism
- Noise reduction helps improve speech intelligibility and student performance

MEADOW VIEW ELEMENTARY SCHOOL IN OCONOMOWOC, WI  
ARCHITECT/DESIGN: EPPSTEIN UHEN ARCHITECTS PHOTO: © C+N PHOTOGRAPHY & NORA

- Help combat staff and teacher fatigue by providing comfort underfoot
- No transition strips needed, which helps to reduce the incidence of slips, trips, and falls
- Integrated flooring system helps you emphasize pathways and guide wayfinding between spaces

OUR CARBON PLAN IS SIMPLE

*avoid*  
*reduce*  
*store*  
*inspire*

Flooring can be one of the largest sources of carbon emissions in schools.

While your students prepare for their futures, we are committed to doing more for the world that's waiting on them. Our flooring is made for sustainability – with purpose and without compromise.

Whether you're building new or renovating an existing structure, there's an opportunity for more carbon reduction, more innovative solutions, and more positive impact. We are transparent about the carbon impact of your purchase so that you can avoid or store more carbon, and we can consult with you to create your own low-carbon design.

When you choose flooring from Interface, you're selecting a single-source solution that will reduce your carbon footprint and contribute to a better-built environment for students and staff.

LEARN  
HOW WE'RE  
'ALL IN'

# ENVIRONMENTAL IMPACT WITHOUT COMPROMISE

© ELMAR WITT

## MORE WASTE REDUCTION

- Interface's ReEntry™ Program enables reclamation of used flooring and installation waste

## MORE SUSTAINABLE SOLUTIONS ON ANY BUDGET

- nora rubber, LVT, and carpet tile collections cover nearly any color, pattern, design, and price point desired

## MORE PRODUCTS THAT CONTRIBUTE TO A HEALTHY ENVIRONMENT

- Interface carpet tile, LVT, and nora rubber flooring offer noise reduction and improved speech intelligibility, supporting student performance
- Interface flooring products are third-party certified for low VOC emissions through Green Label Plus, GREENGUARD Gold, or FloorScore®, contributing to better indoor air quality, which can help reduce absenteeism due to asthma
- Many Interface products incorporate biophilic design, bringing elements of nature into the classroom and contributing to stress reduction and enhanced learning outcomes

## MADE FOR BRIGHT FUTURES

- Engage with the community and surrounding neighborhood to align with municipality goals
- Sustainability is built into our entire product catalog without added cost, making it easier to choose sustainable flooring options
- Reduce your overall carbon footprint, while also contributing to the success of students and staff through a better built environment

FLOR

As the specialty design brand of Interface, FLOR has been bringing premium rugs to residential and commercial spaces since 2003. FLOR carpet tiles are beautiful, easy to install, and sustainably sourced. Our innovative area rug solution is the perfect design accent for amplifying your brand in high-profile spaces throughout your facility.

FLOR rugs have all the performance benefits of Interface products and come with a 15-year warranty, so they'll get the job done for years to come.

All FLOR products integrate with Interface's flooring system. Bringing together carpet tiles and resilient flooring to create unlimited design options and beautifully considered spaces that deliver a consistent level of performance that you'd expect from Interface.

+ BEAUTIFUL  
+ SMART  
+ RESPONSIBLE

FIND YOUR  
SALES REP  
TO START

 [click here](#)

Our expert designers know Interface products inside and out—and their services are complimentary.

From concept to completion, they can work closely with you to create distinct designs that meet your vision and budget no matter how large or small the project. The to-scale floor plan layouts can project overall waste and act as an installation guide for the flooring contractor. Plus, they include the embodied carbon calculation, making it easier to design with carbon footprint in mind.

Just contact your sales rep to get started.

# nora RUBBER

Flooring that's so durable it can last for decades—and still look good—is a must-have for any education environment. nora rubber does just that and more.

© ELMAR WITT

## MADE FOR TEACHING & LEARNING

- Helps to reduce the incidence of slips, trips, & falls
- Combats staff fatigue by providing comfort underfoot
- Offers impact sound reduction of up to  $\Delta$  IIC 23
- Floor coverings and adhesives are GREENGUARD Gold Certified for low VOC emissions

## MADE FOR EASY OWNERSHIP

- Dimensionally stable with a non-porous and highly dense surface for a long-lasting floor that is easy to own

## Maintenance

- Cleans easily with little more than water
- Highly resistant to chemicals and stains
- Scratches can be remediated & larger damage is repairable
- Doesn't require coatings
- Moisture resistant systems, including adhesives, available

## Installation

- The nora® nTx™ installation system combines standard nora floor coverings with a self-adhesive layer for even easier installation

## MADE FOR ENVIRONMENTAL STEWARDSHIP

- Cradle to Cradle Certified® Silver on some nora rubber products

# CARPET TILE

Our modular carpet has the comfort and style you love about soft flooring with the flexibility of tile. We've been perfecting it for more than 50 years.

ROBERTA ROAD ELEMENTARY IN CONCORD, NC  
ARCHITECT/DESIGN: YCH ARCHITECTS PHOTO: © KELLY KLEMMENSEN

## MADE FOR ACADEMIC ADVENTURES

- Design Flexibility: Extensive selection of patterns, colors, and sizes ideal for focus, collaboration or community spaces

## MADE FOR RESILIENCE

- Stable Backing System: keeps tiles in place and flat on the floor
- Durable Construction: premium recycled content nylon fiber withstands heavy traffic
- Resistant Fibers: solution-dyed to endure harsh substances like bleach or hand sanitizers
- Intersept™ Technology: our proprietary preservative, permanently incorporated into the backing to protect carpet tiles against mold growth and odor—even at the seams
- Eases Installation & Replacement: glue-free TacTile® installation system for most backings, with full-spread adhesive recommended for areas with heavy rolling loads
- Selective Replacement: i2™ styles with mergeable dye lots for easy and selective tile replacement
- Moisture Resistance: systems, including adhesives, available

RUTH CHERRY ELEMENTARY SCHOOL IN ROYSE CITY, TX  
ARCHITECT/DESIGN: VLK ARCHITECTS PHOTO: © CHAD M. DAVIS, AIA

## MADE FOR REDUCING YOUR IMPACT

- Recyclable: GreenCircle® certified recyclable through our ReEntry™ program
- Low Carbon Footprint: Interface carpet tile has the lowest carbon footprint in the commercial flooring industry, before any offsets.

## CQUEST™ BACKINGS

Our innovative CQuest™ backings offer superior performance and a low carbon footprint, and Interface modular carpet on the following CQuest backings meet the USDA Certified Biobased Content Federal Purchasing Requirements for carpet.

## CQUEST™GB

- Made with post-consumer carpet tiles, bio-based additives, and pre-consumer recycled materials

MODULAR CARPET ON CQUEST™GB

## CQUEST™BIO & CQUEST™BIOX

- Incorporate biobased and recycled content and are free of PVC and antimicrobials
- Interface modular carpet on these backings is Cradle to Cradle Certified® Silver.

# FLOORING EXTRAS

## FROM ENTRYWAYS TO STAIRS AND MORE

When we say we have an integrated system of products for EVERY space, we mean it. That includes walk-off products for entryways, nora® stairwell solutions, and a range of accessories for norament® and noraplan® floor coverings to complete the perfect floor.

## INTERFACE WALK-OFF CARPET

- Unlike most walk-offs, ours can be cleaned just like carpet, making it ideal for entryways and high-traffic areas
- Stiff fibers in our Step Repeat™ Collection grab dirt and debris before it's tracked inside, trapping it until it can be vacuumed later
- Interiors stay fresher, creating a better indoor environment with reduced maintenance

## NORA STAIRWELL SOLUTIONS

- Fast installation with decades-long endurance against heavy traffic
- norament® stairtreads offer a pre-shaped stair nosing, riser and tread all-in one piece
- nora® stair nosings use a slide-in lip to lock in noraplan and norament floor coverings for installation on all types of staircases
- nora® visually impaired strips offer added safety and accessibility with a photoluminescent option available on request.

Find more finishing details for your floor, including coordinating wall base, weld options, and installation materials on [nora.com](https://nora.com).
