INTERFACE LIVING BROCHURE

CARPET TILE | LVT

FUTURE-READY DESIGN

UNILODGE KENSINGTON STUDENT ACCOMMODATION
SYDNEY, NEW SOUTH WALES

In our fast-moving world, the way people live, connect, and share space is constantly evolving. Whether it's student accommodation, build-to-rent developments, co-living communities or high-end residential projects, one thing remains the same: every space needs flooring that stands up to the rigours of life. Performing day and night. Year in, year out.

We understand that great design goes beyond aesthetics. It's about creating healthy, sustainable environments that enhance wellbeing, offer long-term durability—and are still flexible enough to adapt to changing lifestyles.

From acoustic control to low-carbon materials. Seamless installation to locally based support. Future-proofing your asset starts with high-performance flooring that's designed to meet the demands of modern living.

FOR EVERY LIVING SECTOR

SMART FLOORING TO FIT EVERY LIFESTYLE

SUPERIOR SOUND REDUCTION
OPTIMAL INDOOR AIR QUALITY
EASY TO MAINTAIN

Discover exactly the right modular carpet and LVT solutions to support the way people live, work, socialise or relax.

BUILD-TO-RENT

In busy multi-residential and BTR developments high-performing, design-led flooring is essential. Our modular flooring delivers acoustic comfort and softness underfoot for everyday living and work-from-home areas, while our LVT provides durable, scratch-resistant finishes that stay looking flawless in kitchens, foyers, and other high-use zones. It all adds up to effortless style for residents and a strong ROI for asset owners.

CO-LIVING

Whether it's shared kitchens, rooftop dinners, or quiet corners to recharge—communal living thrives on balance. Interface's modular flooring helps you move seamlessly between social and private zones. Pair the durability of LVT with the soft comfort of carpet tiles, and you've got a space that's as inviting as it is resilient. Perfect for multi-generational homes. And everyday togetherness.

5 MURRAY ROSE
HOMEBUSH SPEC SUITES

STUDENT ACCOMMODATION

Durability, easy cleaning and acoustic management are student housing must-haves. Rely on our LVT and carpet tiles to perform under pressure, 24/7—delivering calm, chill-out spaces in study areas, shared kitchens, corridors and common rooms. Bold, customisable designs and innovative textures keep the energy youthful—all while supporting smarter, more sustainable spaces.

THE TREE HOUSE- QUEENSLANDS

MULTI-RESIDENTIAL

Elegant hallways, busy corridors, and common areas—the right flooring makes a first impression that lasts. With modular formats, you get premium design that's practical to install, simple to maintain, and easy to replace—all while creating enduring style and a cohesive feel across every area.

UNILODGE KENSINGTON STUDENT ACCOMMODATION
SYDNEY, NEW SOUTH WALES

INSPIRED BY MODERN LIVING

In high-demand spaces like premium apartments and student housing, flooring isn't just a finish, it's a foundation for better living. At Interface, we deliver high-performance, low-maintenance flooring that supports wellbeing, reduces environmental impact, and elevates the everyday experience.

BUILT TO PERFORM

SMARTER FLOORS, STRONGER IMPACT

Our modular flooring works harder—for residents, asset managers, and the planet.

It's durable, flexible, and low maintenance. We're 'all in' on becoming carbon negative by 2040. We'll help you hit your sustainability goals—without compromising on style.

DESIGNED TO IMPRESS

MODULAR FLEXIBILITY

Mix and match carpet tile and LVT to define zones and suit different layouts—bringing your design vision to life.

CURATED PALETTES PREMIUM FINISHES

Elevate interiors with cohesive colour, texture and pattern combinations—designed to complement modern living trends.

SEAMLESS FLOW

Create seamless transitions between private and shared spaces with flooring that combines comfort with high performance, whether soft or hard underfoot. Comfort meets performance. No compromise.

HIGH PERFORMANCE LOW MAINTENANCE

Designed for high-traffic living environments, Interface flooring delivers long-lasting durability, comfort and ease of maintenance across both carpet tile and LVT.

Help residents enjoy peace, privacy and comfort in their home thanks to an enhanced acoustic backing that absorbs sound and reduces footfall noise.

Quick to install, easy to maintain, and simple to replace. With minimal downtime, you can bank on saving time, reducing waste, and keeping costs down.

DISTINCTIVE BY DESIGN

A portfolio shaped by art and biophilic thinking. Designed to complement our carpet tile range or stand confidently on its own. With support from the Interface Design Studio, every floor can reflect the identity of the space.

PERFORMANCE YOU CAN RELY ON

Our Ceramor+ ceramic bead coating provides a durable finish that resists scratching, scuffing and stains so your floors look better longer. Embossing adds texture to further enhance durability.

SEAMLESS & INTEGRATED

Combine carpet tile and LVT to create cohesive, flowing environments, without transition strips across private and shared spaces.

QUIETER SPACES, BUILT IN

Uniquely developed to minimise noise, Sound Choice™ offers acoustic insulation without the need for underlays. It decreases sound impact noise by 16dB in comparison to other hard floors.

EFFICIENT BY DESIGN

Fast to install, simple to maintain, and easy to replace. Reduce downtime, minimise waste, and keep projects running to schedule and budget.

ALL IN ON SUSTAINABILITY

Responsibly sourced materials, low-carbon solutions, and circular design thinking, helping create spaces that are better for people and the planet.

CARPET TILE

CARPET COMFORT MODULAR FLEXIBILITY

- Carpet tiles are locally manufactured in Australia.
- GlasBac® backing with TacTiles® technology means easy, glue-free installation that stays flat and secure.
- CushionBacRE™ adds ergonomic comfort underfoot and a superior acoustic performance.
- Our i2™ technology creates a natural, organic pattern that varies—tile to tile. Connecting people to nature, seamlessly, through authentic looking, biophilic designs.
- Intersept® antimicrobial treatment is EPA-registered and built into every tile. It protects permanently against mould and odours—even along the seams.
- Made from premium recycled nylon fibres, our carpet tiles have a stronger, longer lifecycle in high-traffic areas. Plus, easy cleaning and low maintenance means floors stay looking fresh.

LUXURY VINYL TILE

WELCOME HOME TO STYLISH, DURABLE AND LOW MAINTENANCE LVT

- Made sustainably from 39% pre-consumer recycled content, our LVT tiles come in an eye-catching range of woodgrain, stone, and abstract biophilic designs.
- Whether you choose our premium wellness or luxury brand collection, you'll get flooring that perfectly matches the style and aesthetic you're after—without compromising on durability or ease of care.
- From the tough-wear top layer to the Sound Choice™ acoustic backing, a high-performance 4.5mm six-layer construction ensures long-lasting quality. And as proud members of the ResiLoop programme, we reclaim LVT to divert waste away from landfill. By joining forces with us in circular design, we'll close the loop on your flooring.
- Our patented Ceramor+™ coating resists dirt, scuffs, and scratches—making cleaning quick and simple with just a sweep, mop, or wipe.
- Acoustic backing reduces sound transmission by 16dB—resulting in quieter, more comfortable spaces.

INSPIRED BY SCIENCE GROUNDED IN SUSTAINABILITY

OUR CERTIFICATIONS — INSIDE AND OUT

- Environmental Product Declaration (EPD)
- Global GreenTag GreenRate - Level A
- Best Practice Guidelines for PVC
- Singapore Green Building Product (SGBP)
- NSF Certification
- CRI Green Label Plus

LOCALLY MADE GLOBALLY RESPONSIBLE

Reduce lead times and lower emissions with our locally manufactured carpet tiles. We'll support your Green Star certified projects—along with all the operational and logistical advantages that partnering with us brings.

HEALTHIER ALL ROUND

Our products contain certified, low-VOC materials that don't use phthalates. Helping you create healthier indoor environments and achieve your sustainability goals.

PRODUCT TRANSPARENCY TO TRUST

Our commitment to sustainability is backed by globally respected certifications including EPDs, HPDs, Cradle to Cradle®, FloorScore® and Global GreenTag Level A. Please refer to the Interface Carbon Impact Report for more details.

WELLNESS MEETS NATURE

Harness the life-enhancing power of biophilic design, earthy colours and organic textures. By mimicking the randomness you find in nature, Interface's innovative i2™ carpet tiles blend together, rather than match each other exactly. They form positive, dynamic spaces that help bring the outside, indoors.

INTERFACE DESIGN STUDIO

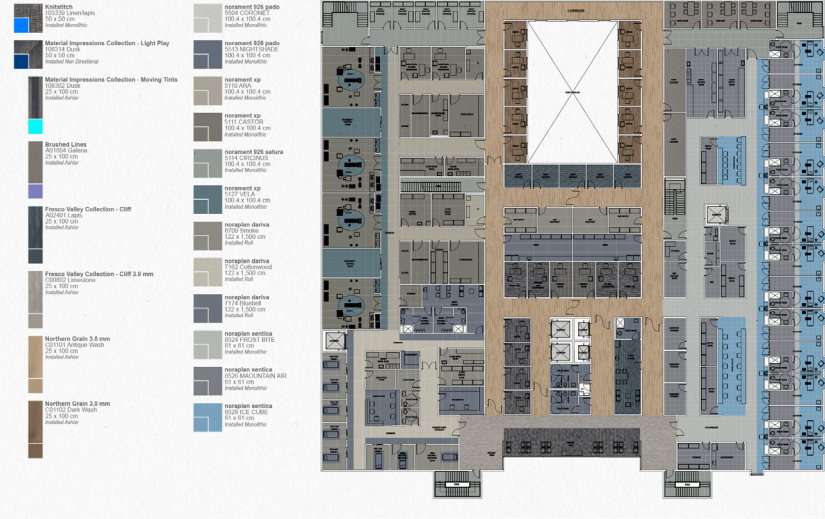

TAILOR-MADE FLOORING FOR EVERYONE AND EVERY SPACE

Whether your project is a multi-residential development or a compact student space, the Interface Design Studio is here to help bring your vision to life—with expert guidance included as part of our complimentary service.

From concept to completion, at every stage we'll work closely together—starting with the tailored flooring layouts that Design ideas, insights, head-turning floors—tick, tick, tick. Gearing up to wow at your next big presentation? We've got resources to get your creativity flowing. Or tap into our dedicated design team to work alongside yours.

SUPPORT BEFORE, DURING AND LONG AFTER

Talk to an expert on design. Or cleaning. Acoustics even. Not just before you commit to buy—you'd expect that. But through install, maintenance and beyond. Even decades after. We'll be here.

15 YEARS WARRANTY

When it comes to the long-lasting quality and performance of our carpet tile and LVT modular flooring systems, your peace of mind is not only paramount but also protected by Interface's 15-year product warranty.

CIRCULARITY

We continue to avoid, reduce, and store as much carbon as we can in the manufacture of our products, our business operations, and our supply chain. We continue to work on addressing the entire lifecycle of our products—from the sourcing of raw materials through the end of life, and back again. We also continue to inspire industry and partner with others to create a ripple effect, accelerating collective action and positive impacts.

THE INTEGRATED SOLUTION

LVT MEETS ITS PERFECT MATCH IN CARPET TILES

Our LVT and carpet tiles perfectly align in height and size. So, with no need for transition strips, in open-plan spaces you can create smooth, safe zones seamlessly—free of trip hazards and clutter.

- Pre-sized tiles minimise waste and speed up installation thanks to simple glue-down application and no need for expansion joints.
- Sound Choice™ LVT and carpet tiles offer built-in acoustic performance, with a 15-year warranty for added peace of mind.
- Moisture-resistant LVT is ideal for kitchens and pet-friendly areas, delivering long-lasting durability.
- Damaged tiles are easy and cost-effective to replace without disrupting the whole floor.
- Low VOCs and third-party certifications support your sustainability targets.

WE'RE *'all in'*

ON SOLVING THE CLIMATE CRISIS

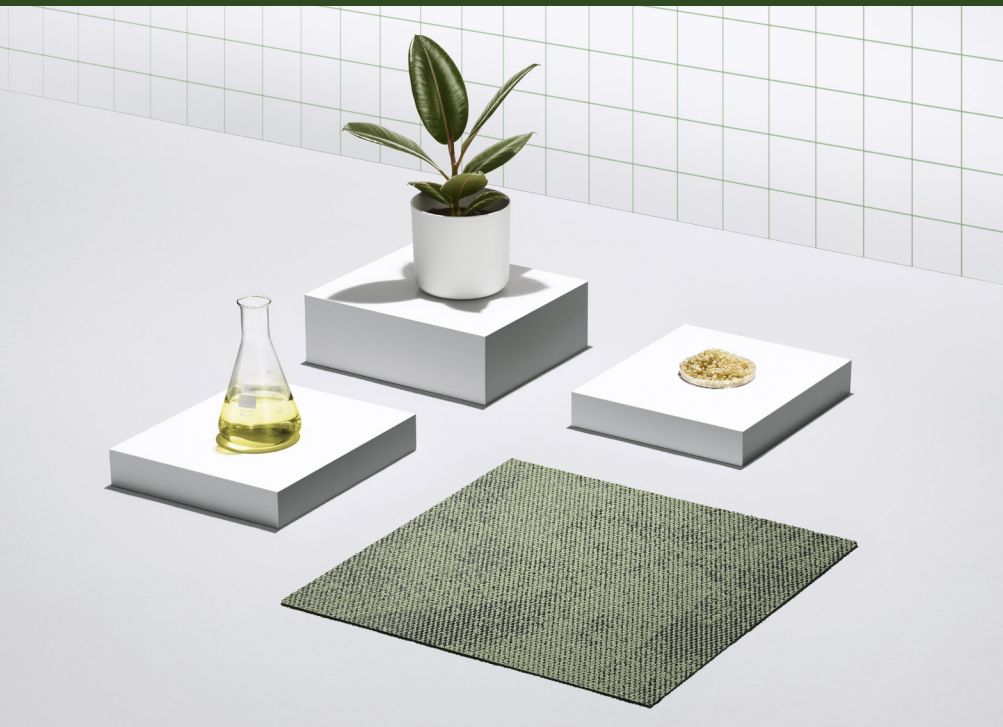

AT INTERFACE, WE'RE NOT JUST COMMITTED TO CREATING HEALTHIER LIVING ENVIRONMENTS – WE'RE HERE TO HELP OUR CUSTOMERS REALISE THEIR VISION AND FUTURE-PROOF THEIR ASSETS.

Our carbon negative carpet tile, launched in 2020, proves it's possible to store more carbon than emit. And with a bold goal to be fully carbon negative by 2040, our modular flooring is designed to reduce environmental impact while delivering on durability, easy maintenance, and flexibility.

By choosing Interface, you're partnering with a company driving real climate action. Developing innovative technologies and sustainable solutions that will boost operational efficiency and add measurable value to your Living Sectors projects.

Because making a positive difference begins and ends with what's under our feet.

*let's plan for a better
world, together*
