# MADE FOR EDUCATION

INTERFACE EDUCATION BROCHURE

CARPET TILE | NORA® RUBBER | LVT

# MADE FOR FUN

Flooring is a key component of the culture and brand of your learning environment. It should also be designed to last. That's why Interface is proud to support and inspire your students and staff with an integrated system of carpet tile, LVT, and nora® rubber solutions.

Interface can also help you to make the most of any budget from nursery through to post graduate. And, we have QuickShip-ready products that can accommodate even the most aggressive timelines.

No matter what your flooring needs may be, Interface is your valuable partner from the floor up. It's just one more example of why we're Made for More™.

# AND FUNCTION

# CAN A FLOOR BE MORE THAN A FLOOR?

Interface products stand up to the unique demands of educational environments, and our flooring solutions offer wide-ranging benefits.

UNIVERSITY OF HUDDERSFIELD, UK

## MADE FOR ACADEMIC SUCCESS

- Combat fatigue with comfort underfoot
- Improve indoor air quality with low VOC emissions
- Reduce unwanted noise
- Define space and support wayfinding

## MADE FOR MINIMAL MAINTENANCE

- Support high-function spaces that can't afford downtime with modular solutions that offer ease of maintenance, repair, and replacement
- Post installation support available
- Resist stains and scratches

## MADE FOR REDUCING YOUR ENVIRONMENTAL IMPACT

- Reduce the overall carbon footprint of your learning space with innovative low carbon solutions - all supported by Environmental Product Declarations
- Contribute to your circularity goals. Use products that are designed to last.
- Reduce waste through ReEntry® - our product take back scheme

# YOUR DESIGN PARTNER

WE MAKE FINDING DESIGN SOLUTIONS  
EASIER WITH INTERFACE DESIGN STUDIO

Our expert designers know Interface products inside and out—and their services are complimentary. From concept to completion, they can work closely with you to create distinct designs that meet your vision and budget. And if you want a custom product? Ready for it! The to-scale floor plan layouts can project overall waste and act as an installation guide for the flooring contractor. Plus, they include the embodied carbon calculation, making it easier to design with carbon footprint in mind.

From classrooms to labs, our integrated system of flooring solutions works seamlessly in virtually any educational space. Let us bring your vision to life with products that stand up and stand out across your facility.

# TECHNICAL SUPPORT

## YOU NEED MORE THAN A FLOORING VENDOR — YOU NEED A PARTNER

As your single-source provider, we can support your project every step of the way, from design to post-installation for the life of the product. Consulting with you, we can help create a maintenance plan to deliver a greater return on investment.

Let us be your trusted academic flooring advisor, allowing you to make the most of your budget and create spaces that are Made for More.

WE'RE

*'all in'*

ON SOLVING  
THE CLIMATE  
CRISIS

INTERFACE IS COMMITTED TO CREATING HEALTHIER  
ENVIRONMENTS FOR EDUCATION FACILITIES WHILE  
MEETING THE URGENCY OF THE CLIMATE CRISIS.

Carbon negative carpet tile, launched in 2020, changed everything for Interface. We now know it's possible to store more carbon than we emit.

So we are challenging ourselves and others to become carbon negative, enterprise-wide, without offsets. We've set an incredibly bold and ambitious goal to be carbon negative by 2040, with science based targets set as a 2030 stepping stone on our path.

But our plan is simple. We will continue to avoid, reduce and store as much carbon as we can. And we will inspire others so that we can create a ripple effect for an even greater positive impact.

*let's plan for a better  
world, together*
