FROM THE FLOOR UP.

MADE FOR MORE MOMENTS

FRONT-OF-HOUSE LUXE. BACK-OF-HOUSE PROPS.

First impressions last. So do our floors. Carpet tile and LVT creates space for people to work, gather, and play. Lounges to lobbies. Rooms to restaurants. Unmistakably Interface®.

Every arrival, every service touchpoint, every goodbye, turns each moment into lasting impressions. Our modular flooring installs quickly, looks incredible—and stays that way.

And when it comes to renovation or repair? Here's where modularity comes into its own. No clearing out whole spaces—or ripping out everything (one of broadloom's many downsides).

- **Made to mix and match seamlessly** – One integrated system, for everywhere. Our carpet tiles and LVT work together harmoniously.
- **Replace a single tile, not a whole floor** – Saving you hours, and revenue.
- **We're 'all in' on being carbon negative by 2040** – For you, this means sustainable tourism without offsets or excuses.

MADE FOR WARM WELCOMES.

COLLABORATIVE PROCESS

Modular flooring that looks incredible and stays that way. More combinations. More customisations. More options. Great for your guests, even better for balancing budgets.

From concept sketch to grand opening, our global design, specification, and customer care teams work as one to:

1. **Define:** Share aspirations, brand guidelines, budget and programme.
2. **Design:** Co-create palettes, patterns, and layouts—with rapid sampling to keep creativity flowing.
3. **Deliver:** Co-ordinated logistics, phased installation and on-site support to shorten project timelines.
4. **Delight:** Maintenance plans are created to fit your schedule, keeping guests (and profits) moving.
5. **Depend:** We work out the best after-sales care for you—including best advice on caring for and cleaning your floors.

AND COOL- HEADED NUMBERS.

MADE FOR TIMELESS APPEAL.

OR A RAPID REFURB.

MADE FOR MORE™

ANY SPACE. EVERY SPACE

TACTILES® GLUE-FREE INSTALLATION

REHA-KLINIK IM UKB, BERLIN, DE

The freedom to take risks. The flexibility to change your mind. Modular flooring solutions for high style and low maintenance. Room to room, year on year.

Bedrooms, corridors, gyms, back-of-house—we cover them all with modular flooring that moves seamlessly from high-impact reception areas and quiet suites to busy kitchens and laid-back lounges.

Quick installation? Meet TacTiles®. They attach to our carpet tiles so no waiting for glues or screed to be spread. Just flooring laid faster (keeping downtime down).

PERFORMANCE THAT CHECKS-IN.

NÜRBURGRING CONGRESS HOTEL DE

Hospitality is relentless. Roller bags. Luggage trolleys. Guests coming and going around the clock. Our flooring absorbs the punishment—and stays Instagram beautiful for years.

In high-traffic areas like corridors, the story's the same: our floors shrug off wear and tear to go on looking their brilliant best. They also feel great underfoot, soak up sound, and install easily without full-spread adhesives thanks to our TacTiles® system.

High style. Low maintenance. Flooring designed to serve each space. Guest after guest. Shift after shift.

- Premium nylon and PET wear-layers resist crushing and staining.
- Enhancing acoustic performance in your spaces with proprietary backing systems that cut noise. Perfect for calm corridors.
- Simple lift-and-replace maintenance cuts refurbishment downtime from days to minutes.

NEVER OUT.

Expertly sourced, designed, and constructed. This is beautiful flooring that feels good underfoot and great on your conscience.

Expect low carbon footprint as standard across our product ranges. Each one with sustainability certifications you can point to. The news is just as good when we're talking VOCs: we keep them low for improved health and indoor air quality.

- **Made with recycled and bio-based content** – Many styles are optional available carbon negative from cradle-to-gate.
- **Optional ReEntry® take-back** – Extends circularity and keeps your flooring far away from landfill.
- **Low-VOC, fully REACH compliant** – Made in facilities powered by 100 % renewable electricity.

SUSTAINABILITY WITHOUT COMPROMISE

LOOK DOWN. IT'S THE HEIGHT OF SUSTAINABLE LUXURY.

WEAVE. OUTSIDE. THE. LINES.

We've ripped up the rule book along with the broadloom. Modular flooring gives you the flexibility to build spaces that adapt and grow to suit your business.

Experiment with unexpected geometry. Layer textures, tones, and patterns. The Interface® Design Studio helps you create a look that's unmistakably yours.

DESIGN SUPPORT THAT TRAVELS FURTHER

- Get 2D/3D visualisations, mood boards and room-set renders.
- Choose custom colourways—or a unique blend of our products.
- Explore looks for biophilic spaces, cosy home corners, and terrazzo courtyards—or go for wood, plaster, or stone effect. Our latest collections have every kind of look for every kind of space.

DEFY CONVENTIONAL THINKING.

NOT LOGIC.

Original flooring designed to shake things up. To challenge preconceptions. To confound those who say it can't be done. All while delivering long-term savings.

Use our Floor Design Tool, then partner with the Interface® Design Studio to translate brand stories into floor plans. Our team becomes your team: guiding you through the possibilities and benefits of our unique square and plank tile combinations.

Colour-block your lobbies. Create way-finding corridors. Lay carpet and LVT edge to edge—seamlessly, for spaces that flow beautifully. Soothing guest rooms or statement bars, our modular formats mean updates happen overnight, not over months.

SAME LOOK. SAME SERVICE.

Six manufacturing centres, 40+ showrooms, one product specification—so your brand looks identical in Paris or Dubai. On six continents, and in 40 languages. Wherever you need us, we're there.

For global chains, it means brand consistency. For independent hotels, local insight backed by world-class supply.

Need a sample tomorrow? Chances are it's already on your continent.

ALL AROUND THE WORLD.

OUR FLOORS GET PEOPLE TALKING. SO LET'S TALK.

Attention-grabbing, high-luxe looks that don't chase trends. Season to season, year after year. This is flooring Made for More – and made for you.
